Health at Home, Inc., in collaboration with our manufacturing partners, provides products to enhance the design, function, accessibility, and safety of the bathroom. Our bath modification products create spa-like, aging-in-place, and accessible – barrier-free bathing spaces for projects with varying budgets and physical circumstances of the bather.

### Terms and Conditions

**Prices:** All prices are subject to change without notice and are exclusive of any shipping, delivery, or handling charges that may apply. Our products are subject to a Minimum Advertised Pricing Policy. See full document for details. **If/when pricing changes in between printings of the price book, the current pricing can always be accessed by scanning the QR code on the front cover of the price book. Updated retail pricing will also be posted on our website and emailed to our customer contact list.**

**Tariff charges:** Prices provided in this document do not include any applicable tariff charges. Given the manner in which tariff charges are assessed by the government, there may be no prior notification other than the provided order confirmation. Tariff charges will only be applied to the specific items and in the same proportion to which we have been made subject. We will make every effort to inform our customers of any tariff charges or changes to tariff charges; however, we reserve the right to apply these charges as they are assessed to us.

**Minimum orders:** there are no minimum quantities or dollar amount required.

**Handling charges:** unless notified prior to order shipment, there are no handling charges.

**Terms:** net 30 days with approved credit; otherwise, payment in advance via electronic check or credit card.

**Invoicing:** All invoices are forwarded via email with tracking information provided for orders shipped from our warehouse.

**Freight:** All orders are shipped via the carrier and method of Health at Home, Inc.'s choosing with applicable charges added to the customer's invoice. If special routing or expedition is requested, we reserve the right to invoice any additional costs incurred. Oversized packages will be charged the carrier's published price plus handling. As a part of our service, every effort is made to assist with coordination of jobsite deliveries; however, it is the customer's responsibility to contact the carrier and to receive deliveries made to a jobsite or residence.

**Prepaid shipping program:** Orders of \$1,000.00 net for any combination of products shown on pages 9 - 27 will receive prepaid shipping. This does not apply to other products listed in the price book.

**Damage or Loss:** Products are shipped "Free on Board" (F.O.B.) meaning, our responsibility ends at the time Health at Home, Inc. delivers merchandise, in original condition, to the carrier. Delivery to the carrier constitutes delivery to the customer. All claims for damaged or lost shipments should be made promptly by the customer to the carrier. All claims for material shortage, incorrectly shipped product, or damaged goods must be made within 7 days from the invoice date.

**Returned Goods Policy:** Prior approval MUST be received in writing from H@H for the return of material. Please submit the list of items to be returned, an explanation for the return, and the invoice # on which it was purchased. We will issue a R.G.A. document that must accompany the returned products. The product must be shipped via a prepaid method (unless the cause of return is our error). All products to be returned for resale are subject to our inspection and a 25% restocking charge.

**Warranty:** all H@H products are covered by a minimum of a one year warranty to be free from defects in material or workmanship. See our full warranty document for details (available upon request).

**\*free shipping applies to Bilanx shower seat and Bilanx Shower system only.**

## BILANX - SHOWER WHILE SEATED OPTIONS

MODEL #

LIST PRICE

**Combining a hand-shower slide-bar kit with a Bilanx Shower seat creates a safe, comfortable, and pleasurable shower experience.**

Despite their popularity, very few hand shower slide bars are weight bearing. Most of them are light weight tubular metal or plastic. Yet, the hand-shower slide bar is the most likely object that a bather would grasp in a slip-fall scenario. Also, few manufacturers provide options for lengths of the slide bars. All Bilanx slide bars are weight bearing and are offered in 24", 36", and 54" lengths. When combined with the Bilanx shower seat, they provide a sturdy fixture that assists the bather and permits them to comfortably sit while showering.

**The 54" Shower Rail** - provides 46" of height adjustment for all showering scenarios (tall-short bathers, children, pets, seated, ect.) without the need or expense of a diverter valve and two outlets. When positioned near the Bilanx fold up shower seat the Shower Rail creates a seated shower with a sturdy point of balance for sitting and standing.

<b>HH-HS-54"ShowerRail-CP</b>	<b>\$267.00</b>
<b>HH-HS-54"ShowerRail-BN</b>	<b>\$280.00</b>
<b>HH-HS-54"ShowerRail-BZ</b>	<b>\$329.00</b>

## BILANX WEIGHT BEATING HAND-SHOWER SLIDE ASSEMBLIES & SHOWER VAVLES

MODEL #

FINISH

LIST PRICE

"The vertical shower-slide bar is likely to be the first object grasped by the bather in a balancing, slip, or fall scenario. It makes sense for this bath fixture to be weight bearing."

### Bilanx Linear Bar Hand-Shower Slide Assemblies

Bilanx hand-shower kit with 3 function & pause control hand-shower, linear grab bar, adjustable slide-holder, vacuum breaker wall outlet, and 72" hose

## Anti-Slip Coatings

### MODEL #

### LIST PRICE

## Indoor or Outdoor floors, landings, steps, or ramps.

#### HH-SilCote-AS-8oz

\$143.00

SILCOTE-AS with its unique chemistry and composition, ease of use and outstanding durability is now the coating of choice for all slip-resistant topcoat applications. Unlike other 2-part coatings it has virtually no unpleasant fumes or odors. High solids and extensive coverage make SILCOTE-AS a cost effective, long term solution. HH-SilCote-AS-8oz will provide a single coat coverage over approximately 25 square feet depending on the surface and efficiency of application.

**Ask about availability in larger quantities.**

## SURFACE-SHIELD ANTIMICROBIAL LIGHT/FAN

MODEL #

LIST PRICE

Now proven effective at killing viruses, including Covid 19.

Scan the QR for  
SurfaceShield video

### Features

- Powered by VYV Tech®'s proprietary 400-420 nanometer LED light, the SurfaceShield™ fan/light is clinically proven to prevent the growth and spread of bacteria, fungi, yeast, mold, and mildew on bath surfaces.
- The eco-friendly, anti-microbial light employed by SurfaceShield™, unlike UV disinfection, is not harmful to humans, plants and animals. It targets porphyrin molecules found only within the pathogens (bacteria) with no adverse effect upon DNA. More information regarding the efficacy of the SurfaceShield™ 405 nm antimicrobial light is available upon request.
- The efficient 110 CFM ventilation also acts to remove moisture thereby reducing the risk of mold or mildew in most full baths
- Retrofit installations can be done entirely from the room-side – no attic access required. This means a faster, easier installation
- EzDuct™ connector can be installed from the room side, with no attic access required
- TrueSeal™ Damper technology reduces air leakage up to 50%
- SnapFit Flange Kit offers flexible installation for new construction or retrofit upgrades
- Foldable mounting ears allow for easy installation in both new construction and room-side replacement applications
- Powerful enough for rooms up to 100 sq. ft.
- Brighter white grilles blend in to match most common ceiling paint
- Corrosion resistant galvanized steel housing stands up to moisture
- Permanently lubricated AC motor engineered for continuous operation

#### HH-AR110LKVV

**\$355.32**

SurfaceShield™ technology combined with Broan's powerful ventilation offers effective protection against bacteria, mold, and fungi growth in your bathroom or other humidity prone environments. The SurfaceShield™ 110 CFM Exhaust Bath Fan generates powerful air circulation with minimal background noise.

## BILANX UNIVERSAL REINFORCED SHOWER WALL SYSTEM

MODEL #

LIST PRICE

# Bilanx Universal Reinforced Shower Wall System

Ideal shower wall system for Accessible and Universally designed baths.  
Superior to molded factory walls and thin wall covering materials applied to plywood backing.

### HH-URSWS-84x36x62-WH

\$3,318.00

The Universal Reinforced Shower wall system is a two part shower wall system that provides full shower wall reinforcement and a modern 6x24" subway tile pattern surface. Kit includes dual thread screws and adhesive; **see all components below.**

**\$45.00 palletize fee**

May be used with any shower base listed on Pgs.36-39

- **Wall reinforcement at all points** - Support for grab bars, shower seats, hand shower slide bars, and accessories now or in the future.
- **Water-proof, rot-proof, and mold & mildew resistant** - Durable 16mm PVC backer board combined with 6mm solid surface covering (  $\frac{3}{8}$  inch total thickness).
- **Nonporous** - Sanitary surfaces are easy to clean and maintain.
- **Attractive** - Updated 6" x 24" offset Subway tile design made of heavy gauge solid surface wall paneling.
- **Fully adaptable** - Both backer board and surface paneling can be easily cut to fit as needed.
- **Economical and Efficient** - Compatible with over 10 shower base dimensions making inventory flexible.
- Multi-piece, light weight, field trimmable panels. Easy to handle, easy to cut to fit.
- PVC corner and mid-wall seam trim assures alignment and water proofing of wall joints.
- System includes dual threaded stainless steel screws for securing 16 mm PVC panels to studs (every 12" vertically).
- System includes 10 tubes DAP adhesive for securing 6 mm solid surface panels to 16 mm PVC panels.
- 84" Height walls make finished wall heights with shower bases 85" – 89", 6 – 10" taller than one piece factory walls.

Modern Subway 6"x24" tile pattern solid surface shower wall set in white:

(4) 36"x42", (2) 62"x42", (2) PVC corner trim,  
(3) PVC seam trim, (10) tubes of adhesive.

Bilanx Universal wall blocking kit for shower alcoves  
60x40x84" or smaller.

(1) 60x48" PVC lower back wall panel.  
(1) 60x36" PVC upper back wall panel.  
(2) 40x48" PVC lower side wall panels.  
(2) 40x36" PVC upper side wall panels.  
(108) Double thread screws.

## SOLID SURFACE SHOWER WALL KITS LESS REINFORCEMENT

### MODEL #

### LIST PRICE

#### HH-SWPKIT843662MS-WH

\$2,190.00

**\$45.00 palletize fee**

Modern Subway 6"x24" tile pattern solid surface shower wall set in white:  
(4) 36"x42", (2) 62"x42", (2) PVC corner trim,  
(3) PVC seam trim, (10) tubes of adhesive.

- Compression-molded solid surface with glass reinforcement technology
- 6 x 24 subway tile pattern
- No mold, mildew or grout
- Impervious to chemicals and corrosive solvents
- Color and texture throughout —no surface coating to crack or chip
- Ideal for remodeling or new construction
- Wall panels easily trimmed to fit shower applications

## Bilanx Shower wall blocking kits

Full blocking in the shower wall surround is a common practice in the aging-in-place and bathing accessibility categories. Multipiece showers manufactured with blocking already inserted into the walls are convenient but expensive, heavy, and are not able to be trimmed in the field to meet jobsite circumstances or conditions (out of plumb alcoves, windows, knee walls, etc.). Jobsite blocking may be inconsistent, time consuming (higher labor costs), susceptible to water damage (rot, mildew, mold), and involve greater liability for the installer and specifier.

#### HH-UWBK-604072

\$1,037.00

(4) side walls 36 X 40" , (2) Back wall 36 x 60"  
Includes (96) dual thread screws.

#### HH-UWBK-604096

\$1,329.00

(4) side walls 48 X 40" , (2) Back wall 48 x 60"  
Includes (120) dual thread screws.

#### Resistance of PVC

Resistance to	KömaCel, KömaTex™, KömaPrint, KömaDur
aliphatic hydrocarbons: light naphtha, hexane, petroleum ether	resistant
vegetable fats, oils	resistant
mineral oils and greases	resistant
lyes: sodium hydroxide, soda lye	resistant
acids: max 20% hydrochloric acid, max 5% sulphuric acid, max 5% acetic acid, max 5% citric acid	resistant
alcohols: ethyl alcohol, butanol, isopropyl alcohol, spirit	resistant
esters, ketones, aromatic hydrocarbons, etc.: acetone, amyl acetate, aniline, ethyl acetate, benzene, MEK	not resistant

Subject to change without prior notice

The features of the Bilanx reinforced shower wall system address these issues:

- More economical than factory reinforced, multipiece showers.
- Light weight, enabling installation by one person.
- Simple, quick straight to stud application.
- Field trimmable to meet any jobsite conditions.
- Waterproof - rot proof (not compromised by wall penetrations).
- Highly resistant to mildew and mold.
- Exceptional screw retention for securing accessories (bars, seats, etc.).

## SHOWER SHIPPING SOLUTIONS

### Shower in a Box System

Our custom shower box can safely and securely send your shower with the accessories from our doors to yours.

### Shower Accessories box

Our custom shower accessories box keeps all of the accessories for the job in one convenient place; labeled on the outside with Customer and Job name and the label inside (shown below) tells you exactly what's inside.

### Ordering multiple a week?

Inside the box you will find this label (shown to the right) that will tell you what is inside the box and what job/PO it is for.
