Specifications

The Soap Basket Grab Bar is manufactured using high quality 18 gauge 1.25" diameter 304 stainless steel. Clean finished look using a concealed flange cover and a wingit compatible flange base with 5 optional screw hole ports makes locating on a stud or hollow wall even easier than ever. The Bilanx Bath Collection is designed, built, and tested to 500lbs exceeding HUD, FHA, VA, ADA, ANSI and other federal, provincial, and local codes.

*Grab Bars can only be as strong as what they are mounted to. It is imperative when installing any safety product to consult with a qualified contractor to insure you have sufficient backing.

The Bilanx Bath Collection

All Soap Basket Grab Bars ship complete with easy to follow instructions, mounting hardware for stud framing & hollow walls. The Bilanx Bath Collection has been designed, built, and tested to 500lbs. The Soap Basket Grab Bar comes in 3 standard finishes and is available in either a right hand or left hand orientation.
