Consider moving from wood to the HDPE colors

Teak (wood)

Antique Mahogany

HDPE Teak

Why consider moving from wood to the HDPE colors?

- **Less expensive** - HDPE is lower cost.
- **Lower maintenance** - HDPE holds its color and attractive appearance long term (wood does not unless aggressively maintained).
- **More sanitary** - HDPE is more sanitary (can be sanitized with a diluted bleach solution, wood cannot).
- **Better warranty** - HDPE shower seats have a 10 year warranty (natural wood shower seats have a 1 year warranty)
- **Consistent color** - HDPE colors are consistent. Wood teak color can vary from seat slat to seat slat. Many consumers are ok with the variance yet other customers may not be resulting in the need to swap out seat slats.
- **More sturdy** - HDPE is stronger. 1" thick versus ¾" thick for wood.
- **Fewer service issues** - HDPE will not crack or splinter.
- **More color options** - HDPE shower seats are available in 15 colors. HDPE Teak and Antique mahogany are great alternatives for Teak wood shower seats.

Seat Slat Color Options:

	White	WH
	Gray	GR
	Light Gray	LTGR
	Black	BL
	Patriot Blue	PBLUE
	Sand	SN
	Weathered Wood	WW
